The ultimate modern jumping-on point celebrating Batman's 85-year history!

Batman Vol. 1: Daylight

Written by MATT FRACTION;
Illustrated by JORGE JIMENEZ

The superstar team of writer Matt Fraction and artist Jorge Jiménez relaunch Batman for the current era, with a fresh take on the Caped Crusader and a perfect jumping-on point for fans!

It's a new day in Gotham! For only the fourth time, DC is relaunching its flagship *Batman* series starting with issue #1—and this collection includes the first six issues of the must-read, superhero-forward take from writer Matt Fraction and artist Jorge Jiménez.

This new era celebrates the Caped Crusader in every iteration of his 85-plus year history and promises something for every Batman fan, including a new blue-and-grey costume, a new Batmobile, and new villains and allies—along with plenty of classic ones too.

Similar to Fraction's beloved and influential run on Marvel's *Hawkeye*, this Batman series features self-contained stories that progressively build out a larger narrative. Each installment is a new adventure and a new challenge for Fraction and Jiménez to put in front of the Caped Crusader, as they show all of the reasons why Batman is the coolest character in comic books.

This volume collects *Batman* #1-6.

With the aliens' claws deep inside the U.S. government, will our rogue operatives manage to band together to save humanity?

Here There Be Aliens is both a fully standalone limited series and the epic conclusion to the Eisner-nominated *Godzilla: Here There Be Dragons* trilogy!

Teenage Mutant Ninja Turtles: Ongoing Compendium, Vol. 1

Written by KEVIN EASTMAN and TOM WALTZ;
Illustrated by DAN DUNCAN and MATEUS SANTOLOUCO

In 2011 IDW launched an ongoing series that would go on to be the longest in Teenage Mutant Ninja Turtles history, spanning 150 issues. Now is your chance to start from the beginning with these massive omnibuses that will collect 50 issues each!

From the beginning, this series told a sprawling tale about family, heroism, and tragedy of epic proportions. Joining the writers were artists Dan Duncan, Andy Kuhn, Ben Bates, Mateus Santolouco, Cory Smith, and more, who crafted a new style that distinguished it from previous iterations while at the same time adhering to what made the original comics so great.

Hotel Limbo (Book 1)

Written by BEN HAREL

Hijinks and heartbreak await as this fan-favorite online comic becomes a gorgeous graphic novel!

After awakening in the middle of nowhere, a young man is forcefully inducted into the Hotel Limbo as its new bellboy ("BB" for short). Faced with magical masks, giant cats, a mysterious staff, and a hotel that just won't sit still, BB will soon learn that helping with "baggage" means something very different when all the guests are dead.

In this series debut, writer Ben Harel teams up with 27 artists (!) from around the world to breathe life into a story about death. As comedy dances with drama and mystery, every tonal shift and blurred line is accentuated by an ever-changing visual style, creating a genre-bending medley of deadly (and death-ly) adventures.

Punk'n Heads

Written by DAVE BAKER;
Illustrated by NICOLE GOUX

Hannah Lipsky isn't sure what's happening. She dreamed of becoming a fine art painter, but after breaking up with her girlfriend, she's suddenly dropped out of art school, moved into a flophouse, and gotten roped into singing in a campy horror-punk band. With costumes. To make things even more complicated, she might be hooking up with her housemate/bandmate/high school crush, Jerry. Wherever this is leading, it's going to be messy.

Critically acclaimed, Eisner-nominated creators Nicole Goux (*Forest Hills Bootleg Society*, *Pet Peeves*) and Dave Baker (*Everyone Is Tulip*, *Mary Tyler MooreHawk*) join forces for a raucous and revealing new graphic novel about making music, making mistakes, facing your past, and choosing your future.

How to Survive the End of the World

A Graphic Exploration of How to (Maybe) Avoid Extinction

Written by KATY DOUGHTY;
Illustrated by KATY DOUGHTY

Since 99.9 percent of all species that have lived are extinct, it's bound to be our turn eventually, right? So what's most likely to kill us? A well-timed asteroid? Some new robot overlords? With wit and dry humor, debut graphic novelist Katy Doughty blends science and history to explore our chances of surviving disasters such as plagues, global warming, and alien invasion. Drawing on interviews with experts in fields like infectious diseases, AI, and interplanetary exploration, she combines cutting-edge research with compelling visuals: mugshots of the deadliest microbes, graphs of the winners and losers of mass extinction events, and a whole lot of dinosaur drawings.

Chernobyl, Life, and Other Disasters

A Graphic Memoir

Written by YEVGENIA NAYBERG;
Illustrated by YEVGENIA NAYBERG

The years before Genya's eleventh birthday bring plenty to distract her. Nothing in Soviet Ukraine is quite as it seems; adults mock the government, but only in private; and her classmates are terrified of American bomb strikes. And that's all before April 26, 1986, when Genya's police officer neighbor gets called to an emergency in a town she's never heard of: Chernobyl.

A graphic memoir account of creator Yevgenia Nayberg's childhood, *Chernobyl, Life, and Other Disasters* is both deeply personal and a glimpse into broader Soviet intelligentsia experiences. Salient and yet often slyly funny, this is a must-read for any graphic memoir fan."

She's worried about meeting new friends, living out in the woods, and being away from her family—the totally normal, non-supernatural scary stuff that all new campers think about. But Leah didn't expect to also have to fear the ghost in Cabin 13.

Between getting picked on by the older mean girls in her cabin, participating in a séance gone terribly wrong, and befriending (then unfriending) a possessed doll, Leah's summer at Camp Cottontail goes from boring to straight-up spooky!

The Lost Horadrim (Diablo IV)

Written by MATTHEW J. KIRBY

In a world culled by Malthael's Reaping, the Horadric order—humanity's only hope—struggles to gain a foothold. Within the dimming lands of Sanctuary, evils rise from all corners, and though the Horadrim are used to facing down the darkest spawn of the Burning Hells, they are far less prepared for the depravity arising within their fellow men. But as Lorath, Donan, and Tyrael seek justice and a path forward, the Horadrim's numbers have dwindled, leaving humanity vulnerable.

Hoping to strengthen the order, Tyrael and the two mages set sail to Skovos. Though the risk is great, the chance of reclaiming kin—as well as the Horadric vault hidden deep within the heart of the isles—remains too great an opportunity to pass up.

These illustrations capture the eerie external (and internal) landscapes of *Twin Peaks*, the decaying suburbia of *Blue Velvet*, the neo-noir anxiety of *Mulholland Drive*, and more!

This book is bursting with super-super-fan references, and it is the ultimate gift for any David Lynch fan.

LOGOS: The World of Final Fantasy XVI

Written by SQUARE ENIX

Uncover the secrets of Valisthea and its inhabitants in this expansive compilation of *Final Fantasy XVI* lore!

Final Fantasy XVI introduced the world to Valisthea, a wondrous realm of sword and sorcery. Players learned details about its characters and kingdoms through the game, but what of its history, its geography, its people? For those who seek knowledge of the land blessed in the light of the Mothercrystals, look no further than *LOGOS: The World of Final Fantasy XVI!*

What makes this book truly special are contributions from three of *Final Fantasy XVI*'s English-language voice cast. Ben Starr (Clive), Stewart Clarke (Dion), and Christopher York (Gav) all lend their talents as writers to bring their characters back to life within the pages of this tome.
